26th June: Signalling on Defence

How to turn partner into a mind reader...

- Do you want partner to continue with the suit he led?
- Which suit do you want partner to switch to?
- Whether you like high or low encourage we'll cater for you

3rd July: Balancing

Do you find the opponents are stealing your contracts? Learn to steal theirs!

- How often do you see the opponents bid 1H-2H All Pass, and you could have made something your way?
- If the opponents stop low, how and when to get back into the bidding

24th July: Bidding Over 1NT

Should you be scared off bidding when the opponents open 1NT 15-17? Not any more!

- Based around Cappelletti/Multi-Landy but will mention DONT
- How many points do you need to bid?
- How does partner follow up? Very important question.

31st July: Reverse Bids

Does your partnership say "We don't play reverses"? Bad luck, you do!

- What is a reverse bid and why does it show extra strength?
- When should you use a reverse bid?

- What if that's what you want to bid but your hand isn't strong enough?
- How does partner know whether to bid on?
